Productivity Investment Fund Project Overview

www.dl.odu.edu

Distance Learning at ODU

- 59 degree programs offered at Community College locations
- Established over 15 years ago to promote:
 - Regional economic development
 - Cost-effective degree advancement
 - First two years always with community college
 - All Virginians within 50 miles of a location

VideODU Video Streaming Project

Improving Productivity and Student Satisfaction Through Video Streaming

- Move video streaming from pilot to full implementation
 - Funded encoders, servers, distribution and bandwidth
- Funding
 - Productivity Investment Funds – \$500,000
 - ODU matching investment – \$500,000
 - Productivity Investment Funds repaid – 2009

VideODU Video Streaming Project

Goals

- Provide more flexible delivery mode for home/office course access
- Improve space utilization on Community College campuses
- Expand access to advanced degrees for place-bound Virginians
- Reduce costs to students and University
- Maintain high quality education from doctoral research institution

VideODU Video Streaming Project

Strategy

- Add online, video streaming delivery option in addition to traditional site-based televised delivery
- Include all distance learning programs
- Create instant access to online archive for all courses/programs

VideODU Video Streaming Project

Outcomes

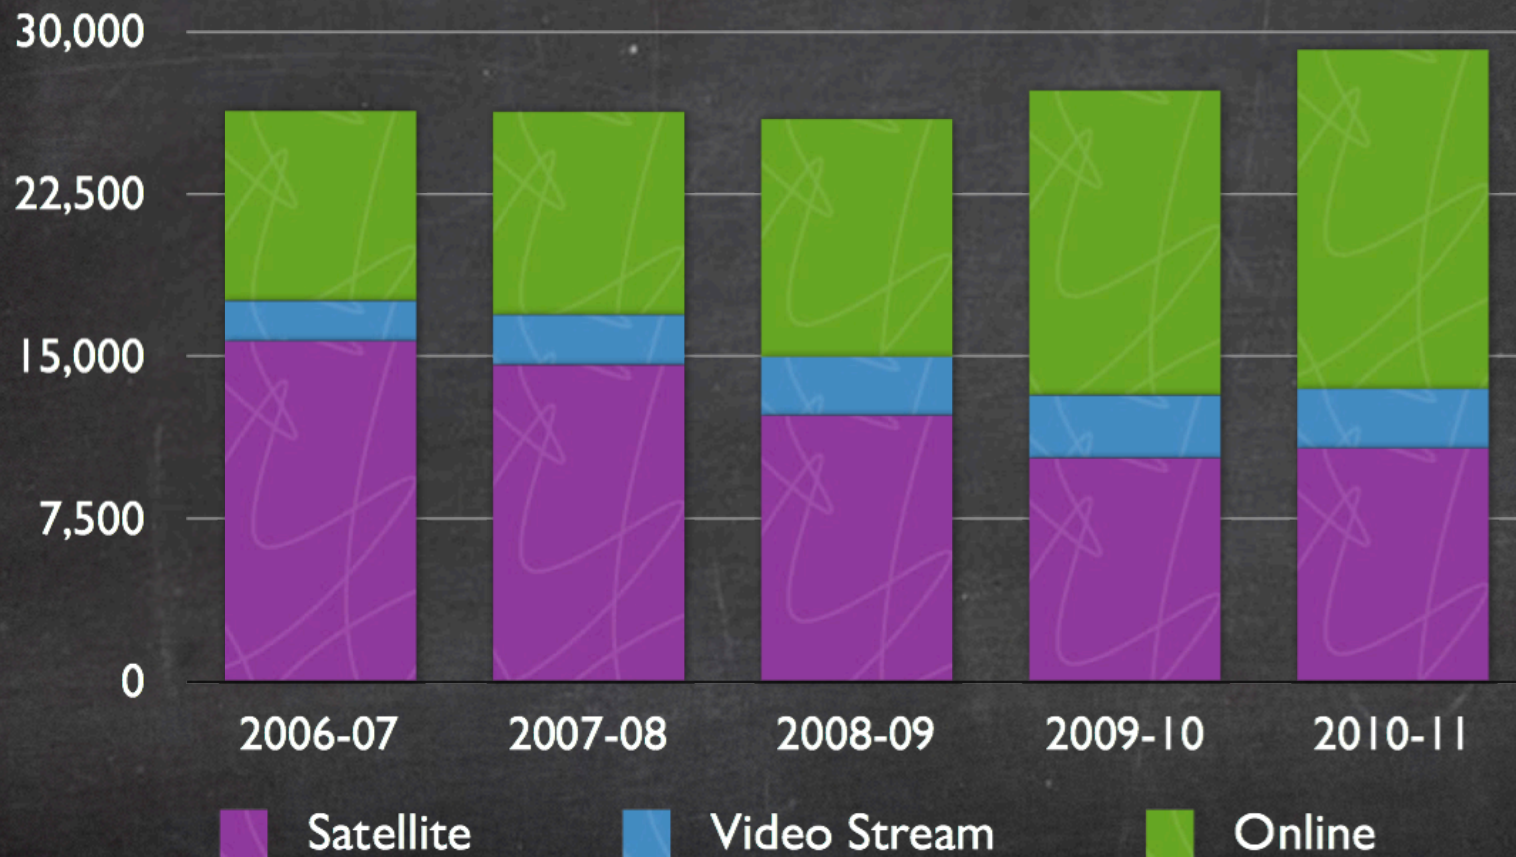

- Expanded online delivery modality
- Flexible/convenient learning environment for Virginians
- Student cost savings (transportation, childcare, etc.)
Estimated at over \$4,000 per student over time
- University cost savings estimated at \$2.5 million
- Stimulated further advances in flexible, online learning environments at ODU

ODU Distance Learning

Learning On-site

- Meet students in your area
- Learn in a classroom setting
- Site Director to assist you

Learning Online

- Take classes online, 24/7
- Learn independently
- Great for busy lifestyles

Connect with People

Communicate with students and faculty through video streams, satellite, online discussion boards, instant messages, and email.

Complete Classwork

Blackboard is commonly used when submitting work. Testing centers are available at site locations for exams.

ODU Distance Learning can be a wonderful alternative for students who don't have the time or option to get to the main campus for classes.

Help and Support

The help and support of an entire university awaits you.

Learning On-site

Taking a class at an extended campus is a great way to keep yourself motivated.

Right Where You Are

ODU Distance Learning
can help you fit education
into your busy life.

Learning Online

Distance learning offers great flexibility and convenience for your busy lifestyle.

It's all about location.

We have 46 locations in Virginia and several satellite centers around the country.
